

“I believe [AI] will be the driver of economic growth, dislocation and investment for at least a decade.”

Intel CEO Pat Gelsinger

“Do you want to be a goldfish? ... Saying don't use AI, is like saying, don't drive a car or use electricity.”

SoftBank CEO Masayoshi Son

“75% of organizations do not have an AI strategy.”

FPOV 2023 Humalogy[®] Trends Report

“AI will be used for every single process.”

JPMorgan Chase CEO Jamie Dimon

“The future of local government organizations – digitally enabled, data-driven, agile and customer centric – is unmistakably upon us.”

KPMG

“AI will greatly disrupt our lives within a year.”

Bridgewater Founder Ray Dalio

“Over the long term, Goldman sees AI-related investments peaking as high as 4% of US GDP.”

Goldman Sachs

“AI is bigger than the PC, bigger than mobile.”

Microsoft CEO Satya Nadella

“64% of organizations believe the biggest AI risk is that others will use it better and faster than they do.”

FPOV 2023 Humalogy[®] Trends Report

“Estonia now boasts a stunning 99% of its public services are accessible online 24/7, even with the global pandemic.”

Forbes

“47% of the workers aren’t prepared for the future of work.”

edX Survey

“AI will greatly disrupt our lives within a year.”

Bridgewater Founder Ray Dalio

“Agile organizations will take advantage of AI and boost their position. Those less so will perish.”

Nvidia CEO Jensen Huang

“By 2026, over 75% of governments will gauge digital transformation success by measuring the enduring mission impact.”

Gartner

“15% of organizations have incorporated an AI Acceptable Use Policy.”

FPOV 2023 Humalogy[®] Trends Report

“The coming workforce changes will play out unevenly.”

Open AI CEO Sam Altman

“Take advantage of it or be left behind.”

SoftBank CEO Masayoshi Son

“C-suite executives said 49% of the skills that exist in their current workforce won’t be relevant by 2025.”
